

DEPARTMENT OF ORTHODONTICS AND DENTOFACIAL ORTHOPAEDICS

➤ **Introduction**

The department of Orthodontics and Dentofacial Orthopedics at K.M.Shah Dental College and Hospital is well organized with a well-planned infrastructure. It has separate UG, PG clinics and fully equipped laboratory. It has a fully furnished departmental library with latest book titles and a seminar room with a capacity of 25 people and an LCD projector. The department also has Dolphin Imaging software which is one of the best software used for patient diagnostic analysis and treatment planning. The daily average flow of patient is about 80 cases. The department has a well maintained Departmental store to cater to the material needs of the patients and a record room to keep a record of the patient details after the debonding. The different treatment options available are Removable and Myofunctional appliances, Begg appliance, Straightwire appliance, Self-ligating system, Tip-edge system and Lingual orthodontics. The teaching curriculum and management of patient is based on Evidence based Education system. The department has dedicated team of faculty members. Every year four new PG students get admission to the department and currently the total no. of PG students are 12. The department follows strict protocol of Case presentations, Journal club and seminar presentation by PG student which is supervised diligently by all the staff members.
