

DEPARTMENT OF ORTHODONTICS AND DENTOFACIAL ORTHOPAEDICS

INTRODUCTION

The Department of Orthodontics and Dentofacial Orthopaedics, staffed by dedicated faculty, with every aspect of teaching and learning, diagnosis, and patient management based on Evidence based Education system, occupies pride of place in the community of orthodontics, both at the state and at the national level, apart from aspiring for international glory. The Department is well planned and well organised Infrastructurally, with separate UG, PG clinics and fully equipped laboratory. It has a fully furnished departmental library with latest book titles and a seminar room with a capacity of 25 people and an LCD projector. The department also has Dolphin Imaging software which is one of the best software used for patient diagnostic analysis and treatment planning, catering to the daily average flow of 80patients.

The different treatment options available are Removable and Myofunctional appliances, Begg appliance, Straightwire appliance, Self-ligating system, Tip-edge system and Lingual orthodontics. The annual intake in postgraduation course is 4 students. The postgraduation programme is diligently followed with Case presentations, Journal club and Seminar presentations by PG students, under the active supervision and mentoring by faculty members.

FACILITIES AVAILABLE
