

DEPARTMENT OF PROSTHODONTICS & CROWN AND BRIDGE

INTRODUCTION

Prosthodontics is the specialty of dentistry pertaining to the diagnosis, treatment planning, rehabilitation and maintenance of the oral function, comfort, appearance and health of patients with clinical conditions associated with missing or deficient teeth and/or maxillofacial tissues using biocompatible substitutes. The subject caters to the need of every class and strata of the society ranging from paediatrics to geriatrics. The department follows a comprehensive approach that is evidence based for teaching, learning and treatment of patients. Treatments offered range from removable prosthesis to fixed and implant restorations. Special prosthodontic procedures involving use of precision attachments, esthetic post and core systems, all ceramic restorations, silicone maxillofacial and implant retained prosthesis. In addition to 100 of undergraduate students, the department has been a learning abode for around 47 post graduates and 3 PhD scholars. A dedicated team of well trained teachers, high end infrastructure, materials and students with an aptitude to learn and enrich form the highlights of this department.

AVAILABLE FACILITIES

Ceramic Furnace

Induction Casting Machine

Burnout Furnaces

Steam Cleaning Unit

Indirect Composite Unit

Implant Surgical & Prosthetic Components

TEACHING FACULTY

<u>SR. NO</u>	<u>NAME</u>	<u>DESIGNATION</u>
1.	DR. RAJESH SETHURAMAN	PROFESSOR & HEAD
2	DR. NEERJA MAHAJAN	PROFESSOR
3	DR. TAMANNA CHHABRA	READER
4	DR. KAVITA GUPTA	READER
5	DR. PARANJAY PRAJAPATI	READER
6	DR. PIYUSH JAVIYA	READER
7	DR. NAMRATA SHAH NAIDU	SR. LECTURER
8	DR. NINAD BHATT	SR. LECTURER
9.	DR. SAMEER CHAUHAN	SR. LECTURER
10.	DR. SNEHA KULKARNI	TUTOR

SR. NO.	NAME OF EVENT	YEAR	RESOURCE PERSON(S)
1	CDE programme of prosthodontics	2007	Dr. Suresh Meshram Dr.Nailesh Gandhi
2	Biofunctional prosthetic system	2008	Dr Bhavin Patel Dr Y.G Naveen Dr R Sethuraman
3	Comprehensive oration and hands on maxillofacial prosthetics and fixed partial prosthodontics.	2008	Dr Chandrashekharan Nair Dr PurushottamManvi Dr Vishwanath
4	Articulators	2010	Dr SuhasiniNagda Dr Sathish Babu
5	Multidisciplinary National symposium	2012	Dr. Vaibhav Avinash Dr Monali Shah Dr Darshana Shah Dr Rajesh Sethuraman
6	Intraoral maxillofacial prosthesis CDE SVU, GPF	2013	Dr. U V Gandhi Dr SanketKethyreddy
7	Aesthetics in Prosthodontics	2014	Dr Vaibhav Avinash
8	Digital Prosthodontics - an evidence-based insight	2014	Dr.Shivashankar
9	Overdentures: the Prosthodontic Evidence	2014	Dr Naisargi Shah
10	Orofacial pain diagnosis using evidence based biometric tools : A Prosthodontic Perspective	2015	Dr Prafulla Thumati

Department Innovations:

Sr. No	Name of Faculty	Practice
1	Dr. Rajesh Sethuraman	Innovative tracer design
2.	Dr. J. R. Patel	Shade light for selection of shade in prosthodontics
3	Dr. Rajesh Sethuraman	Innovative method to fabricate template for the occlusal plane obtained by Broadricks Flag

4	Dr. Namrata G. Shah Naidu	Fabricated customized appliance for rehabilitation of congenital muscular torticollis
