

DEPARTMENT OF PROSTHODONTICS AND CROWN AND BRIDGE

Sr. No.	Name of Student & Department	Co-Investigator(s) & Dept.(s)	Title	Details	Batch No.	SV IEC Approval Date & No.
1.	Dr Noopur Agrawal (Dept. of Prosthodontics)	Dr. J R Patel (Dept. of Prosthodontics)	Comparative evaluation of the effect of deep freezing on the bond strength of acrylic denture teeth to heat cure polymethacrylate acrylic resin (PMMA) – an In vitro study	Ongoing	2013-2016	18-01-2014
						SVIEC/ON/DENT /BNPG/13/D1142 16
2.	Dr Diptesh Rami (Dept. of Prosthodontics)	Dr Rajesh Sethuraman (Dept. of Prosthodontics)	COP relation between oral stereognostic ability, salivary flow and masticatory effectiveness in conventional complete denture wearers: an in vivo study	Ongoing	2013-2016	18-01-2014
						SVIEC/ON/DENT /BNPG/13/D1142 11
3.	Dr.Raval Harekrishna (Dept. of Prosthodontics)	Dr Naveen Y G (Dept. of Prosthodontics)	A three months comparative evaluation of the effect of different surface treatment on the surface integrity and softness of acrylic based soft liner: an in-vivo study	Ongoing	2013-2016	18-01-2014
						SVIEC/ON/DENT /BNPG/13/D1142 13
4.	Dr.Kishan Detroja (Dept. of Prosthodontics)	Dr. Rajesh Sethuraman (Dept. of Prosthodontics)	Qualitative and quantitative comparison of the retraction produced by three gingival retraction systems: an in vivo study	Ongoing	2013-2016	18-01-2014
						SVIEC/ON/DENT /BNPG/13/D1142 15

DEPARTMENT OF PROSTHODONTICS AND CROWN AND BRIDGE

5.	Dr.Archana Piyaja (Dept. of Prosthodontics)	Dr. Tamanna (Dept. of Prosthodontics)	Comparative evaluation of the effect of two denture adhesives on the bite force and muscle activity in complete denture wearers: an in-vivo EMG and Bite force measurement analysis.	Ongoing	2013-2016	18-01-2014
						SVIEC/ON/DENT /BNPG/13/D1142 12
6.	Dr Vishal Parmar (Dept. of Prosthodontics)	Dr JR Patel (Dept. of Prosthodontics)	comparative evaluation of nutritional status in patients treated with conventional complete denture and central single implant retained mandibular overdenture -an vivo study	Ongoing	2013-2016	SVIEC/ON/DENT /BNPG/13/D1142 12
7.	Dr Noopur Agrawal (Dept. of Prosthodontics)	Dr J R Patel (Dept. of Prosthodontics)	Comparative evaluation of incidence of biological and technical complications between conventional and cantilever fixed partial denture	Ongoing	2013-2016	15/03/2015SVIE C/DENT/SRP144 68
8.	Dr Vishal Parmar (Dept. of Prosthodontics)	Dr J R Patel (Dept. of Prosthodontics)	a comparative study on quality of mandibular dentures made by neutral zone concept with conventional mandibular denture	Ongoing	2013-2016	17/03/2015SVIE C/DENT/SRP144 75
9.	Dr Pritesh Vohra (Dept. of Prosthodontics)	Dr Kavita Gupta (Dept. of Prosthodontics)	comparative evaluation of effect of autoclaving, dry and wet microwave sterilization on the three dimensional accuracy of polyvinylsiloxane interocclusal recording material: an in	Ongoing	2014-2017	23-2-15 SVIEC/ON/DENT /BNPG/13/D1501 6

DEPARTMENT OF PROSTHODONTICS AND CROWN AND BRIDGE

			situ study			
10.	Dr Sameer Chauhan (Dept. of Prosthodontics)	Dr Naveen Y G (Dept. of Prosthodontics)	Comparative evaluation of the effect of two different dentine surface treatment techniques on the retention of complete coverage metal crowns luted with glass ionomer cement in the teeth with reduced crown height-an in vitro study	Ongoing	2014-2017	23-2-15 SVIEC/ON/DENT /BNPG/13/D1500 9
11.	Dr Ketan Sapariya (Dept. of Prosthodontics)	Dr Rajesh Sethuraman (Dept. of Prosthodontics)	Comparative evaluation of the marginal fit of the cast metal crown fabricated using conventional inlay wax and light cure pattern resin on the perodontal condition of natural tooth abutment :RCT	Ongoing	2014-2017	31-8-15 SVIEC/ON/DENT /BNPG/14/D1505 4
12.	Dr Bhagyashree Bhalani (Dept. of Prosthodontics)	Dr J R Patel (Dept. of Prosthodontics)	Comparative evaluation of the periodontal health of the abutment teeth in stud retained and magnet retained over dentures: A Randomised control clinical study	Ongoing	2014-2017	31-8-15 SVIEC/ON/DENT /BNPG/14/D1505 6

DEPARTMENT OF PROSTHODONTICS AND CROWN AND BRIDGE

13.	Dr Sweta Gandhi (Dept. of Prosthodontics)	Dr. Tamanna (Dept. of Prosthodontics)	A randomized controlled study on the evaluation of clinical outcome of endodontically treated teeth restored with resin impregnated glass fiber posts and dentin posts.	Ongoing	2014-2017	16-9-2015 SVIEC/ON/DENT /BNPG/14/D1506 5
14.	Dr Raj Chapla (Dept. of Prosthodontics)	Dr J R Patel (Dept. of Prosthodontics)	Comparative evaluation of the effect of three different types of desensitising agents on post cementation sensitivity in vital abutment of fixed dental prosthesis	Ongoing	2014-2017	31-8-15 SVIEC/ON/DENT /BNPG/14/D1505 5
