

Diagnostic Camp on Oral Precancer and Oral Cancer

The Department of Oral & Maxillofacial Pathology, KMSDCH, SV organized a screening camp for Oral Cancer & Precancer on 12th Nov, 2017 at Dental Care Clinic, Patelwada, Godhra in association with Dr. Sakina Ginwala. Patients were screened for Oral Cancer & Precancer. Exfoliative cytology was performed on precancer patients and biopsies were also obtained from suspicious lesions. The biopsies were processed at the department and reports were given to the patients with appropriate and necessary counselling for the same.
